PROFESSIONAL SUMMARY

Motivated and detail-oriented B.Tech  Computer Science and Engineering student with a strong foundation in software development, Artificial Intelligence, and full-stack technologies. Skilled in Java, Python, SQL, JDBC, HTML, CSS, JavaScript, and AI-based problem-solving concepts, with hands-on experience in developing web-based applications and database-driven projects. Passionate about problem-solving, learning emerging technologies, and building efficient software solutions. Additionally, gained an understanding of Pre-Sales operations, client interaction, and technology-driven business solutions. Seeking an opportunity at Pinnacle Teleservices Pvt. Ltd. to apply technical knowledge, enhance practical skills, and contribute effectively to innovative development projects.

EDUCATION

B.Tech-CSE, SRM INSTITUTE OF SCIENCE AND TECHNOLOGY 2024 – 2028 | CHENNAI
CURRENT CGPA - 8.50

Higher Secondary (12th), TNBHSC 2023 – 2024 | DHARAMAPURI
PERCENTAGE IN 12th-67.5

SSLC (10th), TNBHSC 06/2021 – 2022 | DHARAMAPURI
PERCENTAGE IN 10th-83.6

TECHNICAL SKILLS

- **Languages:** Java, Python, SQL, JavaScript
- **Frameworks:** Flask, Spring Boot, Hibernate
- **Web Technologies:** HTML, CSS, React JS
- **Database:** MySQL, SQL Plus, Oracle Database
- **Tools:** Eclipse, Git, GitHub, VS Code

PROJECTS

ONLINE BANKING MANAGEMENT SYSTEM 11/2024 – 01/2025

Developed an Online Banking System to provide secure and efficient banking services through a web-based platform. The system allows users to create accounts, log in securely, check account balances, transfer funds, view transaction history, and manage banking activities online. Built with a user-friendly interface and database connectivity to ensure secure data storage and smooth transaction processing.

Technologies Used: Java, JDBC, SQL, HTML, CSS, JavaScript, Eclipse

AIRLINE RESERVATION SYSTEM 08/2025 – 10/2025

Developed a web-based Airline Reservation System using Python for efficient flight booking and management. The application enables users to search available flights, reserve seats, manage bookings, and view travel details through a secure and user-friendly interface. Implemented database integration for efficient storage and retrieval of booking information, ensuring smooth reservation processing and data management.

Technologies Used: Python, Flask, MySQL, HTML, CSS, JavaScript
